“AIR RIDER 735” – 7.35M STERNDRIVE

Vessel Type: Diesel Inboard Air Rider - $21,990+GST
Marine Kit Number: MK 09021
"AIR RIDER 735" – 7.35M STERNDRIVE Vessel
Type: Diesel Inboard Air Rider - $21,990+GST
Marine Kit Number: MK 09021

Price is in AUD for the flat-pack-aluminium kitset and is ex-factory in Perth Western Australia. Please contact your preferred transport company with the delivery pack dimensions from the bottom of the page. Our Marine Kits includes ALL of the vessel’s structure aluminium and very comprehensive drawing set to make building simple. As this vessel is often built by the owner, we also provide a USB thumb drive with step by step photos from several successful builds that you can refer to. Click ‘CONTACT US’ to order your Marine Kit today!

The demand for our AIR RIDER hulls just keeps growing and this 7.35m with a single diesel sterndrive which fills the need for the “towable without permits” requirement of some owners. At 2.5m MAXIMUM Beam, this is a lot of boat and with the walk around engine hatch, creates a hull that is truly 7.35m. The D3 Volvo sits neatly in this hull to create a highly capable vessel that can be towed up and down the coast 24/7. This hull is our well proven 6.6 metre vessel and with the extended walk around engine hatch and aft overhanging deck, it becomes a true usable 7.35 metre hull.
